Let Us Introduce Our Team of Professionals

**Registered Nurse
(RN)**

**Licensed Vocational
Nurses (LVN)**

**Certified Nursing
Assistants (CNA)**

Why Choose Kye Healthcare Staffing

EFFICIENT STAFFING: Kye Healthcare Staffing specializes in connecting healthcare facilities with qualified professionals, such as registered nurses (RN's), licensed vocational nurses (LVN's), and certified nursing assistants (CNA's). We have a large pool of pre-screened and vetted healthcare professionals, which allows us to match facilities quickly with the right staff based on their specific needs.

FLEXIBILITY AND CONVENIENCE: Kye Healthcare uses an app where a pool of professionals can see when a facility has needs and their open shifts are posted immediately so that all qualified healthcare professionals are able to request these shifts in real time. This flexibility is extremely beneficial for facilities that experience fluctuations in demand such as per diem or require short-term staffing solutions.

COST-EFFECTIVE: Partnering with Kye Healthcare Staffing allows facilities to save time and resources associated with traditional hiring processes. Instead of spending time recruiting, screening, and onboarding, facilities can rely on Kye Healthcare Staffing to handle these processes, allowing the facility to focus on delivering quality patient care.

TRANSPARENT PRICING: Kye Healthcare Staffing provides facilities with clear information on the costs associated with our services. This transparency allows healthcare facilities to make informed decisions and manage their staffing budgets effectively.

DEDICATION TO COMPLIANCE: Our company conducts a rigorous screening process to ensure that healthcare professionals who join our team and are on our app have met high standards. We verify licensure, certifications, conduct background checks, and skills testing, helping to ensure that the professionals we provide are qualified and dependable.

UNWAVERING SUPPORT: Your satisfaction is our top priority. Healthcare doesn't adhere to 9-to-5 schedule, and neither do we. Our team is available around the clock 24/7 to address any concerns or emergencies.
